

# eSchools

Making schools click

## PARENTS APP

Before downloading the eSchools app, you will need your own unique username and password. These are distributed by your school, so if you do not have one or have forgotten it, please contact the school's administrator for these details.

The eSchools app is available for iPhones and Android devices and can be downloaded from either the App Store or Google Play.

Alternatively, you can navigate to your school's login screen on your phone's internet browser. Here, you'll see a direct link to the app

On the initial screen enter the school code:

**st-annes-soton**

then enter your username and password found on your letter.

Once logged in, the home screen will display any messages, letters or notifications; click on these to see this correspondence in more detail.

You can see more functions by clicking on the menu.

From wherever you are in the app, you can quickly navigate to this screen by clicking on the 'home' icon.

Additional functions on the menu screen  
Within the menu, you will see a number of other functions.

these include Attendance.

You can also see the school's contact details,

change your notification settings

and

log out of the app.

You can also access eSchools via the school website  
**www.st-annes.uk.com**  
where you can see all the info above and print letters home.  
To do so please see the "How to Log In to eSchools" document.
